

HOUSING

Opportunities and Resources

For those age 55 and over

Introduction

Perhaps no other single aspect of our lives is as fundamental to our well-being and stability as our need for housing.

Whether we are looking for housing, financial assistance or related resources to help attain or maintain housing, it's critical to have good information.

This Housing Opportunities and Resources booklet has been created to provide valuable information about housing and housing-related resources for those who are age 55 and older.

This program is funded in part by a grant from Bristol Elder Services, Inc. through a contract with the Massachusetts Executive Office of Elder Affairs.

Housing Resources

Finding the right housing for you may require more resources than simply knowing what units might be available and who to contact. You may need one or more housing resources to help get you started to a brand-new place to live.

This section will give you the information you need if you are having housing challenges that might require legal assistance of some kind, financial assistance to prevent the loss of your current housing and resources to rapidly rehouse you.

Important to Remember!

Just because a landlord tells you to leave doesn't mean you have to leave at that moment. In order to start eviction proceedings, your landlord must first serve you with a "Notice to Quit".

After that "Notice" has expired, you will then be served with a court date. It is critically important for you to attend court on that date! You may also wish to consult legal services and/or homeless preventions services PRIOR to that court date.

Only a judge can order you to leave your apartment or your home!

Legal Services

If you need legal support in any number of housing related situation including eviction, foreclosure, discrimination and/or substandard housing, please contact the appropriate legal services.
