HUD Continuum of Care (CoC) Homeless Assistance
Issued: August 5, 2022

INTRODUCTION

The Greater Bristol County/Attleboro/Taunton Coalition to End Homelessness (GBCATCH) is accepting proposals for Continuum of Care Homeless Assistance funding from the U.S. Department of Housing and Urban Development (HUD).

BACKGROUND

HUD publishes a CoC Notice of Funding Availability (NOFO) for each funding year. The 2022 NOFO was published on August 1, 2022 with a deadline of September 30, 2022.

A single, consolidated submission of all selected projects in CoC MA-519 will be submitted to HUD by Community Counseling of Bristol County, Inc. (CCBC) as the Collaborative Applicant representing GBCATCH. Funding will be derived from Federal Fiscal Year 2022 allocations of HUD funds and is subject to funding availability under the NOFO. GBCATCH reserves the right to request that applicant organizations submit adjusted project budgets based on the amount of funding made available by HUD.

FUNDS AVAILABILITY

The amount of funding estimated to be available from HUD is \$873,965 for Tier 1 (Estimated ARD at 95 Percent) which is based on the amount of currently funded projects eligible for renewal funding. HUD has not yet announced the \$ available for Bonus projects in addition to that amount, but funding will be available. New projects can be funded only through reallocation of existing project funding or through bonus funds. Additionally, HUD has announced that there is \$ for Domestic Violence Projects as described below.

- c. Participants in CoC-funded projects must meet HUD’s eligibility requirements, which vary by program component. More information on the CoC regulations is found below.
- d. Permanent supportive housing projects may serve families or individuals. An adult participant in each household served in any permanent supportive housing program must be disabled.
- e. Projects may not charge participants program fees in any program.
- f. Funds are not available for transitional housing, except in the new component, which combines transitional housing and rapid re-housing.
- g. Funds are not available for supportive services, unless they are part of a renewal project or a new project created through reallocation for coordinated entry.

- m. Collaborative efforts by community agencies are encouraged.

The HUD 2022 NOFO was published on August 1, 2022 including:

[NOTICE OF FUNDING OPPORTUNITY 2022 HUD CONTINUUM OF CARE](#)

Description of Projects:

Renewal Projects. The total amount of funding estimated to be available for Renewal Projects (and those taking advantage of the transition grant—see Eligible Projects) from HUD is approximately \$ \$873,965; this amount is based on the amount of currently funded projects eligible for renewal funding; this is also referred to as the Annual Renewal Demand (ARD) determined by HUD.

New Projects can be funded through reallocation from existing projects or through a bonus funding process, as described in this RFP. New project activities are limited by HUD to permanent supportive housing, rapid re-housing, homeless management information systems, and coordinated intake and assessment programs. HUD strictly limits the type of projects for which reallocated or bonus funds may be used.

- **New Project through a CoC Bonus.** It is anticipated that the total amount of funding to be available through a bonus projects is approximately 6% of the ARD which for Greater Bristol county/Attleboro/Taunton CoC is not yet published
- **New Project through a DV Bonus.** The total amount of funding which the Greater Bristol County/Attleboro/Taunton CoC may apply for under this bonus has not yet been published

Additional funds may also be available through the reallocation process as determined by the Greater Bristol County/Attleboro/Taunton CoC's Performance Review Committee (PRC).

Tier 1 will be equal to 95% of the CoC's Annual Renewal Demand (ARD) or roughly \$ 830,266; Tier 2 is the difference between Tier 1 and the total ARD plus any amount available for bonus amounts. For Greater Bristol County/Attleboro/Taunton CoC, it is estimated that Tier 2 will be roughly \$45,698.

DEADLINE

A letter of Intent as described below is due by **August 9, 2022** . Both renewal and new project proposals must be submitted to GBCATCH by **12:00 p.m. on August 15, 2022**. Submission procedures are described below.

- **Renewal Projects**

Projects currently funded under the CoC Supportive Housing Program (SHP) are eligible for renewal for FY 2022 funds if they have a HUD agreement that expires in Calendar Year 2023. Projects may renew as is, or they may be part of transition, expansion or consolidated projects as further described in this section:

- **“Transition Grants:”** This year, HUD is permitting HUD transition grants that will allow renewal projects to “transition” from one CoC Program component to another during the CoC Program Competition. Transition Grants are not an additional source of funding but rather, would be part of the existing Annual Renewal Demand (ARD) amount for the CoC. No more than 50% of each transition grant may be used for costs of eligible activities of the program component originally funded, transition grants in this competition are eligible for renewal in subsequent fiscal years for eligible activities of the new program component and eligibility to receive a transition grant requires renewal project applicants to have the consent of its CoC and meet all other criteria and standards in the NOFO. *See Section III.B.2.Z of the HUD NOFO for further details.*
- **“Expansion Projects:”** Projects currently funded under the CoC Supportive Housing Program (SHP) may apply to expand an existing renewal project in accordance with the NOFO. *See Section III.C.2.j of the HUD NOFO for further details.*
- **“Consolidated Projects:”** Eligible renewal project applicants have the ability to consolidate two or more eligible renewal projects into one project application during the application process. This means that a CoC Program recipient no longer must wait for a grant agreement amendment to be executed to consolidate two or more grants before it can apply for a single consolidated project in the CoC Competition. Consultation with the GBCATCH prior to undertaking this opportunity is required as HUD must confirm eligibility to consolidate projects. *See Section II.B.6 and V.B.4.a.(7) of the HUD NOFO for further details.*

- **New Continuum of Care Projects (Bonus Project)**

New permanent supportive housing projects that will serve 100% chronically homeless individuals or persons who meet the definition of Dedicated PLUS (see Section III.C.2.g) families are eligible to apply in this competition. Permanent housing is community-based housing, the purpose of which is to provide housing without a designated length of stay. Grant funds may be used for leasing, rental assistance, operating costs and supportive services; definitions and guidance for each of these items is at 24 CFR 578.43-578.63.

- New Projects providing eligible activities that the Secretary of HUD determines are critical in order to assist persons fleeing/attempting to flee domestic violence (DV Bonus Project)
- New projects that are dedicated to survivors of domestic violence, dating violence, sexual assault, or stalking as defined in paragraph (4) at 24 CFR 578.3 are eligible to apply for funding in this competition. The following project types are permitted to apply for a DV Bonus:

- Rapid Re-housing (PH-RRH) projects that must follow a housing first approach.
- SSO Projects for Coordinated Entry (SSO-CE) to develop or operate a centralized or coordinated assessment system.
- Joint TH and PH-RRH component projects as defined in Section II.C.3.m of this NOFO that must follow a housing first approach. Joint TH and RRH projects may request funding for construction, rehabilitation, acquisition, leasing, operating, rental assistance (must be tenant-based TBRA) as well as supportive services, and administration. See “Application Requirements” section of this RFP as it further highlights relevant project requirements and priorities. CoC funding may provide supportive services and/or short-term (up to 3 months) and/or medium-term (for 3 – 24 months) of tenant based rental assistance as necessary to help participants move as quickly as possible into permanent housing and achieve stability in that housing.
- Dedicated HMIS project for the costs at 24 aCFR 578.37(a)(4) that can only be carried out by the HMIS Lead, which is the recipient or subrecipient of an HMIS grant and is listed on the HMIS Lead form in the CoC Applicant Profile in *e-snaps*. Additionally, if the CoC has organizationos within its geographic area that are victim service providers, the HMIS Lead, or subrecipient, may request HMIS funds for a comparable database. Victim service providers may also request HMIS funds in their project application budgets to enter data into a comparable database.
- **New Continuum of Care Projects (Bonus Project)**
The Consolidated Appropriations Act, 2022 provides up to \$53 million for “rapid re-housing projects and supportive services projects providing coordinated, entry, and for eligible activities that the Secretary determines to be critical in order to assist survivors of domestic violence, dating violence sexual assault, or stalking.” Additionally, up to %50 million is added to the amount from the Further Consolidated Appropriations Act, 2020 as HUD did not conduct an FY2020 CoC Program Competition, but instead only awarded eligible renewal projects. Therefore, the total amount of DV Bonus funding is \$102 million which will be used for new DV-specific project applications where 100 percent of the participants are or will be survivors of domestic violence, dating violence, sexual assault, or stalking. See Section II.B.11.e of the NOFO for additional information. The GBCATCH CoC may apply for up to _____
- Permanent Housing-Rapid re-housing projects dedicated to serving survivors of domestic violence, dating violence, sexual assault, or stalking that are defined as homeless (24 CFR 578.3)

PROJECT RANKING PROCESS

HUD requires that all projects be ranked and prioritized in a two-tiered list. Tier 1 will be the top priority projects. Tier 2 will be lower priority projects. Either new or renewal projects may be ranked in Tier 1 or Tier 2. The placement of each project on the priority list will be determined through a multi-stage process including review by the GBCATCH Performance and Evaluation Committee and the GBCATCH Application Committee, prior to review by the GBCATCH Continuum of Care voting membership.

Based on the highly competitive nature of the grant program, ranking of each project will be critical in determining the likelihood of funding. Projects ranked in Tier 2, particularly at the bottom of Tier 2, have a low probability of funding. New projects created through reallocation or bonus funding may be included in either Tier 1 or Tier 2.

Renewal projects will be reviewed and ranked through the CoC process based on performance. New project proposals will be reviewed in reference to organizational capacity, strategic priority, project approach and design, and cost effectiveness and ranked through the CoC process.

HUD PROGRAM INFORMATION

All parties intending to apply for funding are strongly encouraged to review the program regulations, including those organizations that are currently or were previously funded. Proposals that do not conform to the regulations will not be considered for funding. The regulations and other information for the Continuum of Care Program may be found at [this link](#).

FUNDS AVAILABILITY

Once awarded by HUD, grant funds are estimated to be made available by HUD by **the first half of calendar year 2022**. However, the awarding of funds and the timing of awards and grant-making by HUD is outside of the control of the GBCATCH/MA-519 CoC. Agencies seeking renewal funding must be aware of all operating year start and end dates and must make

arrangements to accommodate any period for which a HUD funding award is denied or delayed. It should be noted that projects created through reallocation are not renewal projects and may have different start dates than the grants from which funds were taken.
